WILL MAKE
STOP HEREA Special Redpath Chautauqua
Train Carrying a Party
Of Seventy-Five.

ENROUTE TO OPENING POINT.

Kryl's Famous Band Will Play.
Many Other Notables Are
On Board.

At about 9:55 a. m. Wednesday, May 21, a Redpath Chautauqua special passenger train enroute South from Chicago via the C. & E. I. and L. & N. to Birmingham, will arrive at the L. & N. depot in this city. This train will comprise five cars, including an observation car and diner. On board will be Kryl's world famous band, Leurent, the magician and his assistants, Opie Read, the noted author-lecturer, and other notable talent, besides the Chicago managers of the Redpath Chautauqua.

It is probable that Gov. Folk, of Missouri, will join the party at Evansville. At each of the stops the bands will play and at this point arrangements have been made for autos to meet the party at the train and escort them about the principal streets of the city.

The first of the 110 Redpath Chautauquas for this season managed from Chicago opened Sunday at Albany, Ga., the second opened Monday at Columbus, Ga., and one a day opens until seven are in operation. The talent for the opening days left Chicago three or four days ago. Those on this train will reach the South in time to take their part in the week's program. There are about 75 in all on the special train.

The Chautauqua movement is growing tremendously. There are more than 1,000 Chautauquas in the United States. More than 500 of these are under Redpath management. This is the first special Chautauqua train, however, to be run through this section, and much interest, it is prophesied, will be manifested in it enroute. Everyone is invited to join in the reception at the depot at the hour given above.

A RARE TREAT

At The Avalon, Thursday Night,
May 27.

Under the auspices of the Christian County Teachers Club, there will be a most enjoyable entertainment at the Avalon Tuesday night, May 27th.

In addition to the instructive lectures to be given the club has engaged Elsie Heberer Hopkins and Mr. Carlos Hamilton Hopkins to take part in the program. These two vocal celebrities come heralded by the press as among the best in their profession. The Evansville Courier said: "The tones of Elsie Heberer Hopkins were exquisite—she sang with ineffable sweetness which entranced the whole audience. She distinguished herself as being a true artist."

The London, England, Daily Telegraph said of Mr. Hopkins: "Mr. Hopkins has a remarkable voice and sings with the style and temperament of a true artist."

The price to the entertainment has been placed at 25 cent and nobody should fail to attend.

Convalescing.

The many friends of Dr. J. D. Clardy will be glad to know that he is recovering from the paralytic stroke he sustained about two months ago. He takes occasional drives with some member of his family and is beginning to take interest in home affairs. There is room for hoping that he will entirely recover.

Miss Starling's Letter From Siam.

Laos, Siam.—We had a very pleasant Xmas. Festivities began the Saturday afternoon before, when Mrs. Harris gave a Xmas tree for the children, and we "old folks" were invited, too. The tree was an enormous palm—the small round leaf variety,—and touched the ceiling. It was covered with cotton, candles, and tree ornaments, besides the gifts for the children, and homemade paste board boxes of candy, for the "grown ups." We had tea, and games on the lawn, until dark, when the tree was lighted. Just as we were about to leave, a big cloud came up, with thunder and lightning and we just got home before a heavy shower. Mrs. Kerr lingered behind, and was caught in the rain, and had to stop in our house. She and her little girl dress elegantly, and her point d'esprit dress was soaked. She had a badly sprained ankle, and couldn't get out of the cart without help, and hurt her ankle again. She will give a tree for the children, next Saturday afternoon.

Xmas morning, we had church of England service for the English, at the church. The Collinses and Mr. Reid took dinner with us. One of our Xmas presents was a turkey, so we had that for dinner,—the first time I had turkey since coming to Laos. That afternoon was "Bumble Puppy" day at the club. There were all sorts of crazy contests. The ladies were in three of them. The first on the ladies stood in a row, each with a pile of tennis balls at her side. The men raced horseback, and after they had each caught three balls his lady threw him, they raced back to the goal—the one reaching it first winning the prize. Some of the women threw wild and the men couldn't catch the balls at all. My partner thought the men were going to start from another place, and they had started before he knew it, so I never got a chance to show my prowess.

The next contest was trimming hats. The women lined up behind big tables, while the men raced to some baskets, each with a hat and some trimmings in it, then to the table, where they were given seven minutes to trim their hats. The men were to thread the needles, but were not allowed to make suggestions. When the hats were trimmed the men were to put them on, run for their horses, mount and race back to the goal.

In the next contest the men raced to a table where there was a dry biscuit and a bottle of soda water, which they were to eat and drink. Before starting they were given the name of a tune. After they had partaken of these refreshments, they were to race to where the la-

dies were standing, and each one was to whistle his tune to his lady who wrote down the name of it and gave it back then he raced back to the goal. My partner was the first one to finish his cracker and soda, and I recognized the tune at once, and he could have easily been first had he not raced back the wrong way. So I was in hard luck all around, that afternoon.

Yesterday afternoon was cricket, the tamest game I ever saw. They have a bat as big as a boat oar, and they run the bases with it in their hand. The batter always hits the ball on a bounce. I don't see how they could ever miss hitting it. The pitcher throws it so it will hit the ground before it reaches the striker, and they never do any yelling over their games. The nearest they come to it is a "hip-hip, hurrah!" when the games are all over with. There are some good polo players, though, and some good racing.

The past week has been an unusually busy one, it closing our first school month. The two princesses came in this week and have turned things upside down, as befits their rank. They were homesick at first and their mother and father have been to see them every day. They have always paid their respects to us, too, and have consumed a good deal of valuable time. They were very pleasant, though, and we are glad to have the girls in school. I believe we are the only school in Laos that is patronized by the higher classes. They are very careful of their daughters (as they well may be, considering the low state of morals existing in this or any other Oriental land) and we have to convince them that we are going to take good care of the girls before they will entrust us with them. We now have five boarders that belong to the higher class—two daughters of the High Commissioner, with the little daughter of the postmaster, who was recently adopted into the family when her mother died of smallpox recently; and the two granddaughters of the old Governor of Nan, whose picture I sent you recently. On his death I suppose their father will be the highest in rank in this province. They are pretty, dainty, girls and look very much like Japanese. Their grandfather is very much interested in their coming to school, and has invited me to come and see him. So I suppose I shall go soon.

We have over forty girls in attendance now and I am kept busy almost night and day. The girls are happy and everything is going well. I have some examination papers to correct this afternoon and must stop.

AT THE AVALON

Much Merriment For Those
Who Attend the Entertainment
Tonight.

Those who attend the musicale and fiddlers' contest at Metcalf's Avalon tonight will be entertained in a manner that cannot fail to please. Besides about twenty numbers, both vocal and instrumental music, several specialties will be introduced to enliven things and the entire program has been arranged with a view of catering to the tastes of the public generally. The proceeds will be used in defraying the expenses of Christian County Confederate Veterans who are financially unable to pay their own way to the reunion at Chattanooga. This is a most worthy cause and the Avalon should be packed on the occasion. The entertainment will commence at 8 o'clock. Tickets will be 25c for adults and 15c for children. Mr. Ira L. Smith will be master of ceremonies.

Miss Fannie and Nora Rogers returned from Bowling Green Monday, where they attended the meeting of the Cumberland Presbyterian General Assembly.

COUNCIL

Holds Regular Meeting Friday
Night But With Little
Doing.

The Council held a regular meeting Friday night but almost the entire time was taken up in hearing petitions. The Public School Board appeared and asked that only 5c of their 50c levy be taken for the payment of bonds and interest. Their bonds are now \$66,000. The interest is \$3,300 and the bonds must be retired \$2,000 each year. The levy required is 15 cents and the board petitioned the council to make other arrangements for 10 cents of it.

A committee from the three churches on Ninth street appeared and asked the city to assume \$408 due for bitulithic streets in front of the churches.

Both questions were postponed till June 6 for legal inquiry.

Co. D was granted permission to give a carnival next fall.

Ordinance No. 32, ordering a sidewalk on the West side of Melpherson avenue, was given its final passage.

A RECEPTION AND BANQUET

Members and Friends Will Meet
Him at Station Tomorrow
Night.

Rev. H. D. Smith, pastor of the First Christian church, who has been touring in Europe and Asia for the past three months, arrived at New York Saturday at 12 o'clock. He spent Sunday and Monday in New York City with some of his friends sight-seeing. On Tuesday morning he is expected to leave for Louisville and arrive here at 6:48 o'clock Wednesday evening on the Illinois Central train. At Louisville he will be met by Mrs. Smith.

The members of Mr. Smith's church have been preparing for two weeks to give him a big reception and banquet the night of his return. His people and friends will gather at the station to meet him and give him the glad hand of welcome home and escort him to the church.

After reaching the church the informal reception will be held and short talks made by several people, followed by a banquet.

GET YOUR TICKETS!

Chautauqua Begins June 16 and
Runs Entire Week.

The local managers for the big Chautauqua to begin on Monday, June 16 and continue during the week, request all persons who subscribed for tickets last year to call on T. J. McReynolds, over the First National Bank, and get their tickets at once.

The managers are arranging to have everything in readiness for the opening day, and ask everybody to render every assistance possible. There is much work to be done and a prompt response to the first request will save the managers much trouble in their final efforts to put on the best attractions that have ever been here. So, don't wait until the last moment, but call promptly and get your tickets. It's going to be a great week and the Chautauqua and Amusement Co. want the hearty co-operation of all our citizens. It is not a money-making scheme, but an effort to supply the people with instructive amusement.

Death Of Children.

An infant of Mr. and Mrs. A. T. Gray, of near Julier, died Sunday. The interment took place in Riverside Cemetery yesterday.

Mrs. W. A. Radford will leave for Dawson today to spend some time.

Superintendent's Bulletin.

1. The Act 1911 requires all candidates for the office of County Superintendent, except those who are now in office, to hold a State Certificate issued by the State Board of Examiners, which does not expire during the anticipated term of office.

2. The applicant may qualify by taking a special examination to be held in the Department of Education, Frankfort, May 30 and 31, and June 27 and 28. This examination is in all respects equivalent to the examination for the regular State Certificate.

3. The applicant may qualify by taking the regular State Examination, June 20 and 21, either in the county in which the applicant resides or in Frankfort, before the State Board of Examiners.

4. Applicants may qualify after nominations are made in the August Primary. However, there is only one chance after the Primary, and that is in the regular State Examination in August, and the candidate can not take this examination, except in his home county, where he expects to run for office, or in Frankfort in the Department of Education.

5. Incumbents in office, under the law, are qualified by virtue of their past tenure of office, to run for re-election without further examination.

6. The 1912 law prescribes that all candidates who are not incumbents in office, must either have a certificate as herein described, or take this special examination, which is in all respects, the equivalent of a State Certificate. Therefore, all such candidates must have taught two years, the time required by law to secure a State Certificate.

A Brother's Tribute.

In memory of my Dear Sister, Mrs. Mollie Pierce.

Sister Mollie was born in Franklin, Heard county, Ga., in the year 1863. She moved to Jones county, Texas, April 23, 1889. Was married to Mr. J. Henry Pierce in Abilene, Tex., in 1890.

They moved to Hopkinsville, Ky., in 1894, where she died Saturday morning April 19, 1913, at her home No. 204 Jesup Avenue.

The writer arrived in Hopkinsville at 12 o'clock to learn that at 6:30 the guardian angel had plumed its silver-tipped pinions for an eternal flight, to report at the shining portals of God that Mollie's mission on earth was fulfilled. My brother met me at the depot. We went direct to her home, and as we gazed on her sweet face in death, ten thousand precious memories of the happy long ago came rushing over me, memories of happy childhood when we were an unbroken and happy family. Mollie was the only daughter of Dr. and Mrs. Mary Northern. Her father died in Franklin, Ga., when she was quite small. Mother died at Hopkinsville, Ky. Mollie was true to her mother, faithful to her friends, a good, sacrificing wife, a loving mother. She was a true christian, a devoted member of the M. E. church.

You are gone, dear sister, Heaven's joys to share, but some bright day we will meet you where there will be no suffering, no farewells said. Why should we feel so sad, when you are at rest and with your sainted father and mother? For they hovered over your dying pillow impatiently waiting to accompany you to the Gory land. Departed ones sleep in different states. Father and an infant brother in Georgia, Brother John at Seven Rivers, N. M., Brother Billie in Bosville, Okla. Out of a large family all have answered the roll call but two, Allen and myself. Mollie's husband and 4 daughters survive her. To these we would say be of good cheer, for mother has gone home where there is no suffering or trials, no sickness

Best Medicine For Colds.

When a doctor recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by all druggists.

Novel Point Raised.

Frankfort, Ky., May 16.—A novel point with respect to the statute providing an increased penalty for a second conviction of a felony and life sentence for the third conviction is raised in the appeal of Andrew McIntire, a negro sentenced for life in Nelson county for feloniously striking another. He was convicted once of breaking into an outhouse, again of maliciously wounding and a third time of chicken stealing. Then he was indicted for breaking into a railroad car, the indictment reciting his former convictions, and he was declared not guilty. Now his counsel contends that the verdict of "not guilty" on the indictment for breaking into a railroad car, coupled with reference to his former indictments, is a bar to a life sentence and he pleads a former acquittal to the previous conviction portion of the indictment. It is the first time this question has been squarely presented to a court.

For the Weak and Nervous.

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful remedy. Mrs. O. Rhine-vault, of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest gifts. I can never forget what it has done for me." Get a bottle for yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by all druggists.

RELIC OF "BRIG OF GLASGOW"

Snuffbox Made of Oak From Famous Bridge That Was Built About 1348.

The other day there turned up in a London "old clo" establishment a wooden snuffbox with an inscription on the lid which awakened curiosity, and led to its transfer to a collector for a few shillings. The inscription ran thus: "This box is made of oak which formed part of the original foundations of Old Stockwell bridge, Glasgow, a structure built by Bishop Mac about the year 1348, in the reign of King David, son of Robert the Bruce."

This bridge, known as the "Great Brig of Glasgow" or the "Bishop's bridge," was for 400 years the sole means of communication between the banks of the Clyde. Across it passed the Regent Murray with his Glasgow Burgher Auxiliaries on his way to Langside, Archbishop Beaton in his flight to France with the city records and the cathedral jewels, and Prince Charlie in his ten days' sojourn.

Its twelve-foot-wide passage was such that two wheelbarrows trembled when they met, and so crazy did it become that it was enacted that the wheels of carts should be taken off and the body slid down across.

But the interest of the snuffbox does not end there. For, stamped in the floor of the box is the maker's name, "W. Johnston, Auchinleck," this Johnston being a famous maker of the "Mauchline snuffboxes" with the invisible hinge beloved of the devotees of the weed in powder form. The invisible hinge had been the invention of a Laurencekirk maker, but a clever Ayrshire smith discovered the secret and started what became afterwards a noted industry and a profitable manufacture.

WISER, IF SADDER

"Do you think Huyer is an educated man?"
"Well, he knows a heap more now than he first tried to run an aeroplane."

COLLEGE FOR MONKEYS.

The University of Chicago may be well known, but there is another institution of higher learning that has spread the fame of Chicago as an educational center in six continents. This is Prof. Giacomo Galetti's university of monkeys, at No. 1525 North Maplewood avenue. Here scientists of the famous old mandril, Rhesus, pinyon ape, drill and baboon families come from foreign parts to receive a finishing course in the arts and graces that will fit them for public careers. Best known locally of the alumni is the big mandril in Lincoln park. Two years ago this mandril, with two others, gave up a long and honorable career on the stage and settled down with Cy De Vry.

Professor Galetti, a Tyrolean, has been educating monkeys most of his sixty-four years, twenty-five of them in Chicago. "How many have I trained?" he asked. "Figure it out for yourself. The dealers have had \$25,000 worth, and they only cost from \$25 to \$75 apiece. Some of them die of cholera and some of yellow fever and some of bites."—Chicago Record-Herald.

WISDOM.

"A bird in the hand is worth two in the bush."

The author of that famous apothegm had just used it for the first time.

"It would be foolish," he continued, with his mind on millinery, "to attempt to estimate the comparative value of a bird on a hat."

SIR ROBERT WALPOLE'S BET

Statesman Made, Lost and Paid Wager of Guinea in the House of Commons.

Legislators in the house of lords at work on a betting bill remind us that grave statesmen in the house of commons itself have been known to relieve the tedium of debate by sportive bets made across the floor of the house. It was in the month of February, 1741, that Sir Robert Walpole, having been accused of certain high misdemeanors, made an emotional quotation from Horace, to which Pulteney replied that the right honorable gentleman's logic and Latin were equally inaccurate. Walpole defended his quotation, backing it with the wager of a guinea. The clerk was sent for and decided against Walpole, who threw the guinea to Pulteney.

The curious may now see this guinea in the medal room of the British museum, with a note in the handwriting of Pulteney: "This guinea I desire may be kept as an heirloom. It was won of Sir Robert Walpole in the house of commons, he asserting the verse in Horace to be 'nulli pallescere culpa,' whereas I laid the wager of a guinea that it was 'nulla pallescere culpa.' He sent for the book and being convinced that he had lost gave me this guinea. I told him I could take the money without any blush on my side, but believed it was the only money he ever gave in that house where the giver and receiver ought not equally to blush. This guinea, I hope, will prove to my posterity the use of knowing Latin, and encourage them in their learning."—London Chronicle.

WHAT COLOR IS THE EARTH?

Probably It Looks Green to Neighboring Planets Because of the Surface Vegetation.

Many different conjectures as to just what color light we reflect to our neighboring planets have been made from time to time, and the consensus of opinion seems to be that whatever color it does throw is determined by the vegetation on the surface.

It is not the highest form of plants that always produce the greatest effects. Some of the most striking scenes on the earth owe their characteristic features to mosses and lichens—for instance, the famous "crimson cliffs" of Greenland, which extend for miles northward from Cape York and derive their glorious color from the growth of red lichens that cover their faces.

On the same principle it is thought that the earth's broad expanse of forest and prairie land causes our planet to reflect a considerable quantity of green light, which at the time of the new moon spreads a greenish light over that part of the lunar surface which is only illuminated from the earth.

WILLING TO OBLIGE.

One night a tired traveler put up at a small country hotel. The next morning the proprietor of the house asked:

"Did you enjoy the cornet playing in the next room to you last night?"

"Enjoy it!" the guest remarked sarcastically. "I should say not. Why, I passed half of the night pounding on the wall to make the man stop."

"It must have been a misunderstanding," said the landlord mournfully. "The cornet player told me that the person in the next room applauded him so heartily that he went over every piece he knew three times."

DINNER ON MOVING DAY

EXCELLENT MEAL MAY BE PREPARED IN ADVANCE.

Easy to Pack Everything That is Required and Have Suit Case Handy Against Day of General Discomfort.

The Meal arrangement on moving day or in housecleaning time, so far as the culinary end of the household is concerned, is to take dinner out. Sometimes a kind-hearted friend steps into the breach with an invitation to dinner; sometimes a nearby hotel or restaurant suggests itself as a solution of the difficulty. Sometimes, however, dinner at home is a necessity. And if it is there is no reason why it should be the uneasy, inhospitable meal it sometimes is.

A moving day dinner can be packed in a suit case. It can be prepared the day before, packed the morning of the move, labeled and placed carefully in pantry, kitchen or dining room of the new house, and opened five or ten minutes before time for serving.

The suit case should be stored with plates, cups, silver, napkins and tablecloth, candles and matches—often the gas and electricity are not on tap the first night—and, if the mover have one, a chafing dish and a percolator. All these things can be placed the day or the week before. A bottle of alcohol for the spirit lamps should be added on moving day, with a bottle of cream, a loaf of bread, a package of ground coffee, a pat of butter and such food as has been planned and prepared. The dollies or cloth can be spread on tables set up anywhere, or even on packing boxes, the candles lighted, coffee made in the percolator, one or two hot dishes prepared in the chafing dish, the cold food served, and in ten minutes a feast fit for a traveling gypsy king can be ready.

Soup served in cups, cold veal loaf, creamed potatoes, currant jelly, vegetable salad, ice cream, coffee, cheese and biscuits can constitute a suit case spread. The soup, made the day before, can be carried in a large fruit jar with rubber and screw top, or else it can be bought in a tin and opened when it is warmed in the chafing dish and while the diners are eating it the creamed potatoes, prepared the day before and kept on the ice and carried in a fruit jar, can be heated. The veal loaf made the day before can be wrapped in a napkin or waxed paper, and the jelly naturally travels in its own glass. Lettuce for the salad, washed and pulled apart, is wrapped in a wet cloth and then in waxed paper. The vegetables—peas, beans and diced carrots—can be packed, dressed with oil and vinegar, in a small glass jar. A box of biscuits and a cake of cheese also find place in the suit case. Ice cream, ordered delivered at the new house, makes an easy dessert.

German Dumplings.

Take the crust from three or four small rolls and cut the crumb in small pieces. Put into a basin, pour boiling milk over them and soak for twenty minutes. Press to drain off superfluous milk, put in a saucepan and heat over the fire with a spoon until hot. Set back and season with salt and pepper. Cut one-half pound of bacon in small pieces and fry with some of the crusts cut in dice. Mix fried crumbs and bacon with soaked bread; add five ounces of butter in small lumps and enough beaten egg to bind the mixture without making too soft. Divide in equal sized masses, roll evenly round, flouring the hands freely. Plunge into a saucepan of salt boiling water and cook ten minutes without uncovering. Drain, put on a hot dish, pour over brown clarified butter and serve.

Oyster Canapes.

This is one of the simplest to construct, and also one of the most effective, of the flower decorations. Two rounds of bread, which have been sautéed in butter on one side only, are spread with an oyster mixture made from six large oysters, one tablespoonful of capers, and the same of pimento, chopped fine; add one tablespoonful of horseradish, salt, and a dash of cayenne pepper with mayonnaise to form a thick paste. Strips of the whites of hard-boiled eggs are cut in slender petals with a sharp pair of scissors and arranged about a yellow center, in the shape of a daisy or chrysanthemum.—Harper's Bazar.

Veal Croquettes.

Put two cupfuls of finely chopped veal in a saucepan, add two tablespoonfuls of fine bread crumbs, one teaspoonful of butter, the beaten yolks of two eggs, one teaspoonful of onion juice, one-half teaspoonful of salt, one saltspoonful of paprika and spec of mace. Stir the mixture over the fire until thoroughly heated, then set aside to cool. Shape into croquettes, dip in beaten egg, roll in fine crumbs, let stand one or more hours and fry until well browned. Serve with tomato sauce.

Green Pepper Sandwiches.

Remove seeds and white lining from sweet green peppers, wash them and put them through the meat grinder. Mix them with cream cheese and moisten with cream. Spread on unbuttered, white bread.

Fried Bread.

After frying pork or bacon, put into the fat slices of stale bread. As it fries, pour over each slice a little milk or water and salt to taste, turn and fry on the opposite side. This is a very appetizing dish.

World-Famous Men on the CHAUTAUQUA

Keep in Mind that Our City is to Have a Great Seven-Day Chautauqua Program This Season.

Hon. Theodore Roosevelt, Ex-President of the United States, says:

"The chautauqua is the most distinctively American thing in this country."

Hon. William Jennings Bryan, Secretary of State, says:

"The chautauqua affords one of the best opportunities now presented the public speaker for the discussion of questions of interest to the people. The audience is a select one and always composed of the thoughtful element of the community, and as they pay admission they stay to hear. I believe that a considerable part of the progress that is now being made along the line of moral and political reforms is traceable to the influence of the chautauqua."

Dr. Frank W. Gunsaulus, the World's Greatest Preacher and President of Armour Institute of Technology, says:

"The chautauquas have become a great people's university. They are among the greatest feeders for our colleges and universities. He further states that ten per cent of the students in the institution of which he is president, Armour Institute, owe their presence to the chautauqua influence."

Hon. Champ Clark, Speaker of the National House of Representatives, says:

"A great many newspaper wits shoot their shafts at chautauqua lecturers, and certain purse-proud editors undertake to make it a sin for a public man to lecture for pay. They think it the height of sarcasm to refer to a public man as a chautauquan. There is one great virtue in chautauqua money. It is clean money. You do not have to explain where you got it. If a man does not desire to go to hear a lecture, there is no law to compel him to do so. * * * The chautauqua has been a powerful force in directing the political thought of the country, which is largely sociological in these latter days. * * * I defend the chautauqua and the chautauqua lecturer, with whom I have been associated, because they constitute as fine a group of men and women as can be found among the splendid citizenship of America. I have a deep and abiding interest in them, and bid them a hearty godspeed in their work."—From The Arena.

New York, May 19.—"When I say that I did not know that Dr. Sturm had obtained possession of the secret of my cure, I am leaving the public to draw its own conclusions." Such is the substance of a statement given out by Dr. Friedrich Friedmann, the German scientist, regarding the announcement of his former confidential assistant, Dr. M. A. Sturm, who has the secret of Dr. Friedmann's antitubercular turtle serum. Dr. Sturm was recently dismissed by Friedmann, and he has announced that he will establish a sanatorium for tubercular patients, using the same cure as that exploited by Dr. Friedmann.

DIED IN COLORADO

Remains of Clarence Olvey Will
Arrive Today.

Clarence Olvey died in Colorado last Saturday, after a long illness of tuberculosis. Mr. Olvey was about twenty-five years old. He moved from this city to Colorado three years ago, hoping that a change of climate would restore him to health. His brother, Will Olvey, accompanied him West and they had since been engaged in business at Colorado Springs. A few months ago the condition of the latter became much worse and he continued to decline until he died. His sister, Mrs. Joe Caxton, of this city, had been at his bedside for several weeks.

The remains are expected to arrive here today. Funeral arrangements have not yet been made. The deceased is survived by his wife.

BARNES' BRIEFS

Dwelling Destroyed—Death of
Lady—Other Notes.

Barnes, Ky., May 19.—The farmers welcomed the rain, as they finished planting corn. The land was so dry that the work of planting had to be abandoned. Early planting came up badly. The apple crop will almost be a failure in this section. The twigs containing the bloom dried up before the young fruit formed. The peach trees have plenty of peaches on them, but they are dropping off pretty badly.

Miss Olar Robinson, of Bluff Spring, recently visited the family of Mr. Will Underwood and spent a day shopping in Hopkinsville.

Messrs. Buck and Wilbur Boyd had the misfortune to lose their residence by fire Thursday night. The occupants had a narrow escape from being burned, as they were awakened just as the building was falling in.

Tobacco plants are scarce and very small. But few set as yet.

Miss Ella Carter has been on the sick list, but she is now much better.

Miss Eva King died of consumption, after a long illness and the interment took place in the Hord burying ground in the presence of a large concourse of friends and relatives. She bore her affliction with Christian fortitude and she was resigned to the will of God. Her mother, one sister, two half-sisters and four half-brothers survive. She was a member of the Christian church at D. G. wood.

Rosy As a Girl

Madison, N. C.—In a letter received from this place, Mr. J. W. Church the notary public, says: "My wife had been ailing for nearly 22 years, from female ailments, and at times was unable to leave the house. She suffered agonies with her side and back. We tried physicians for years without relief. After these treatments all failed she took Cardui, and gained in weight at once. Now she is red and rosy as a school girl." Cardui, as a tonic for women, has brought remarkable results. It relieves pain and misery and is the ideal tonic for young and old. Try it. At all druggists.

BOHUMIR KRYL AND THIRTY OF HIS ARTISTS COMING HERE CHAUTAUQUA WEEK

KRYL AND HIS BAND

Photo made in Orchestra hall, Chicago.

A LEADING feature of Chautauqua Week in this city will be the appearance of Bohumir Kryl and his band. This band will comprise thirty or more artists. Mr. Kryl, in addition to leading the band, will appear in cornet solos at each performance.

Bohumir Kryl is today acknowledged to be one of America's five greatest bandmasters, and as a cornet player, according to the Los Angeles Times and other great newspapers, he has no superior in America.

Last summer Kryl and his band appeared on all Redpath Chautauquas in Tennessee, Kentucky, Michigan and Indiana. The demand was so vigorous that he should return to these cities that the Redpath would have been un-

grateful indeed had it disregarded the people's requests. Everywhere Kryl Band Day drew big crowds and created great enthusiasm.

This year the band will be augmented by several more players than last year. One of these will be the widely known harpist, Leo Zelenka Lerando, who has toured throughout Germany, Austria, Italy, Denmark and England.

With further reference to Bohumir Kryl, it will be recalled that he laid down the sculptor's chisel after completing the statue of General Lew Wallace at Crawfordsville, Ind., and made music his life work thereafter at the suggestion of Sousa and that he immediately sprang into great prominence.

WILL STOP "BACK STAMPING"

Burleson Believes Time Saved
Will Expedite Letter
Delivery.

Washington, May 17.—The "back stamping" of all mail except registered and special delivery letters was ordered discontinued today. Postmaster General Burleson believes the time saved will expedite delivery often as much as the time between two deliveries. A similar order some years ago was rescinded because of many complaints by business interests.

Red no longer is the official color for street letter boxes. An order that the boxes be painted vermilion or coach red was abrogated today because of protests from many cities that mail boxes frequently were confused with fire alarm or street garbage boxes. Dark green probably will be adopted.

TWO SUITS.

One Against I. C. Railroad
Other Against City.

Mary Buckner and others have sued the city of Hopkinsville for \$1,000 damages, alleging that their property has been overflowed by the faulty construction of a sewer on Mechanic street. The allegation is made that the value of two lots on Younglove and Hays' streets has been decreased to the amount of \$1,000.

WANTS \$2,500.

Suit has been filed by George Carroll, a minor, who sues by his next best friend, T. M. Carroll, against the Illinois Central Railroad Company for \$2,500 damages and \$100 doctor's bill. Plaintiff states that he was injured in the wreck at Green's Crossing in October last and asked damages in the above amount.

REMEMBER THE ORPHANS.

About 20 Children Are Now In Western Kentucky Orphans' Home.

There is nothing it appeals more directly to the sympathy of our people, as well as for their financial help than the little children now in the Western Kentucky Orphans' Home. There are about 20 little tots in charge of manager Humphrey. He is doing more than anybody else to feed and clothe and care for them. His whole time is given to his duties. But funds are needed and all who are thinking of sending in contributions should not delay in doing so. Rev. J. B. Ehlman, the chairman of the board of directors, sends out a call for immediate assistance. Hand your check to the Treasurer, G. H. Champlin, or mail him your check and your money will be used for the purpose of helping those who are depending on your bounty.

Railroad Wins.

The Court of Appeals has declared that a Fiscal court has no statutory nor implied power to compel a railroad to build an overhead crossing and reversed the Hopkins Circuit Court in the case of the L. & N. against Hopkins county. The railroad was required by order of the court to construct and maintain an overhead crossing and appealed from the order.

Local Boys Will Be Trained In Scout Craft by an Experienced Director During Chautauqua Week

1. Resuscitating the apparently drowned. 2. Mending a St. Bernard's broken leg. 3. Method of placing the injured upon a stretcher

THE value of training boys in scout craft was recently demonstrated during the Ohio floods. The newspaper dispatches told of the excellent work they performed because of this training in rescuing many sufferers who would otherwise have been lost.

During Chautauqua week here an experienced leader of boy scouts from the headquarters in Chicago will train a band of local lads in self reliance, manhood, good citizenship and scout craft.

Scout craft includes instruction in the first aid to the injured, life saving, tracking, signaling, nature study, camp craft, wood craft, chivalry and patriotism. Many scouts have passed the Red Cross examination and received a national certificate.

The boys live as much as possible out of doors, camping and hiking, being taught how to pitch a tent, make a fire and lean-to, light a fire and cook a meal.

A scout is a good Indian. You cannot lose him. He takes his direction from the sun by day and the stars by night. He knows trees, plants and flowers and the secrets of animals and birds.

DROUTH IN HENDERSON**Lack of Rainfall is Becoming
Alarming.**

The lack of rainfall in and around
Henderson, says the Gleaner of Wed-
nesday, and much damage will be
caused on account of the drouth
which is now on. All farm work is
rapidly becoming impossible, or done
under difficulty. The lowlands in
the county that were flooded during
the recent high water period have
become encrusted with from one-half
inch to 18 inches of silt that has
caused troubled faces to be worn by
the owners of these farms. The de-
posit has become baked by the long
dry spell, and over the entire coun-
ty reports are being heard of the
drouth which is now beginning to
look serious.

Accidents will happen, but the
best regulated families keep Dr.
Thomas' Eclectic Oil for such emer-
gencies. Two sizes 25 and 50c at all
stores.

Mrs. Fish No Suffragette.

Mrs. Stuyvesant Fish in an inter-
view in New York came out strong
against woman suffrage. She de-
clared that sex antagonism was kill-
ing romance.

"Men are losing respect for wo-
men because of this continued fight-
ing for 'their rights,'" observed
Mrs. Fish. "Now, when you start
to fight men, women always get the
worst of it. You get better treat-
ment from men by being pleasant
with them."

"I know scores of girls crazy to
marry. But women are losing their
charm for men who would marry
thoroughly womanly women. Look
at the masculine clothing women
are wearing! They smoke and drink
with men and insist upon enjoying
all men's privileges. That doesn't
especially endear them to the other
sex, you know. Why, I have known
young women—the truly girlish
feminine type, of course—who used
to receive as many as twenty bou-
quets from young men friends on
the eve of a cotillon. The young
women now, since they want to be
men, don't get any flowers and they
are lucky if they get a dancing part-
ner."

"This is the reason I think it is so
foolish of women to be crying for
the same sort of life that men lead,
competing with men on their own
ground, when the women have so
much in their own lives worth while.
Why, the days are not long enough
for a woman to do all that she can
do in her own home in philanthropic
work and further educating herself.
Isn't it silly, then, for her to want
to do a man's work, too?"

"I wouldn't be surprised that after
a while women will get tired of all
this sort of thing and go back to the
old-fashioned tastes of women, the
minuet instead of the turkey trot
and the feminine pursuits of life."

You Can Rely on Deering Twine

Deering twine is made in the same large plant where Deering binders are made. The manufacturers of Deering binders make twine because they want a twine used with the Deering binder that can be absolutely relied on.

Twine troubles are almost invariably blamed on the binder. In order to escape these troubles Deering twine is as perfect as human skill can make it—as reliable as the best material and skilled workmanship can make it.

Give your binder a chance to do its best work by using reliable Deering twine. We handle it in the following brands and lengths: Sisal, 500 feet; Standard Sisal, 500 feet; Manila, 600 feet; Pure Manila, 650 feet.

CRUEL TREATMENT

To Animals To Be Stopped By
Organization Of Humane
Society.

One of the greatest needs in this section today is an organized effort to put an end to the cruel treatment to animals. That need is to be supplied. Over 135 people have signed their names to a paper pledging their attendance at a mass meeting to be held in the near future looking to the organization of the "Hopkinsville and Christian County Humane Society." Among the list of names are a large proportion of ladies as well as leading business men and citizens.

Mr. Chas. F. Jarrett some time since took the initiative in the matter, and while the question had passed out of the minds of most people he has been quietly arranging plans to properly bring the matter more fully before the people. He has been in correspondence with W. H. Robinson, the State President, who has signified his willingness to come to Hopkinsville and assist in perfecting an organization.

It is useless to comment on the way animals are often treated or how common such treatment has become. That gives no relief to the animals. The most salutary thing that can be done is to arrest a few persons who work animals that are so ill fed and poor that they can hardly carry their own weight; animals that are so lame that they cannot move without pain, as well as overloaded teams that are often beaten over the heads with clubs or anything that may be at hand. It has been overlooked too long and it is to be hoped that everybody who sees an animal mistreated will report it to the society when it is organized and have the guilty ones punished.

Not a Day In Bed.

Gramling, S. C.—In a letter from Gramling, Mrs. Lula Walden says: "I was so weak before I began taking Cardui, that it tired me to walk just a little. Since taking it, I do all the housework for my family of 9, and have not been in bed a day. Cardui is the greatest remedy for women on earth." Weak women need Cardui. It is the ideal woman's tonic, because it is especially adapted for women's needs. It relieves backache, headache, dragging feelings, and other misery. Try Cardui. A few doses will show you what it can do for you. It may be just what you want.

CAP EXPLODED

Master Edwin Hall, of Lafayette,
Badly Injured.

Edwin Hall, the 10-year-old son of Mrs. Lula Hall, of Lafayette, was the victim of a serious accident Sunday afternoon. The little fellow secured a dynamite cap, and using a dry telephone battery, made a circuit, when the cap exploded. His mouth was badly lacerated, several teeth were knocked out, a finger and a thumb were blown off and he was otherwise injured. It was at first thought that his injuries were fatal, but his condition was improved yesterday and unless complications should set up he will recover.

SHERWIN-WILLIAMS PAINTS & VARNISHES

If Your House Needs Painting Use S. W. P.

If your house, or barn, or buildings of any sort, need painting, don't put it off. Now—this spring—is the time to paint. A building that is kept protected from the weather, damp, sun and so on, will outlast by years a building that is allowed to go unpainted or poorly painted. It is much better business to save the building you have than buy a new one. And besides this, well painted buildings are much pleasanter to live in, and bring a much higher price if you should want to sell, than dingy, unpainted buildings.

To arrive at the cost of painting, figure the number of square feet a gallon will cover, and how long it will last, not what the paint costs a gallon. Don't simply figure what it costs to paint your house or barn, but what it costs to keep it painted year in and year out. S. W. P. is honestly made of the best raw materials obtainable, and will prove more economical and satisfactory to the man who pays the bill than either hand mixed lead and oil or the so-called "cheap ready-mixed paint." We are agents for Sherwin-Williams Paint, Prepared (S.W.P.) Come in and we will be glad to discuss the paint and varnish question with you.

Bob Taylor Lives,

In the two bright and beautiful books just issued, "Lectures and Best Literary Productions," and "Life and Career" of Senator Robert Love Taylor, handsomely illustrated, you cannot hear again his voice or see the humorous curl of his lip, that convulsed a continent with laughter, but, within the covers of these volumes, are the pictures woven of his wondrous words, and, laughing through their sunny pages, are all of the inimitable stories which he told to the multitudes. In "Life and Career," pens of genius have traced his romantic life from its morning in "Happy Valley," through his young and rosy dreams, through stress and storm, through cheering throngs, and on into the waiting shadows, loved and laurel crowned.

We expect to sell millions of these books. First edition going fast. Cloth, \$2 the Volume, \$4 the Set, Half Morocco, \$2.75 the Volume, \$5 the Set, Full Morocco, \$5.50 the Volume, \$10 the Set. The people want them. A harvest for Agents. Liberal commission. Address, Terry T. Martin, Gen. Mgr. of Ky. Care Box 6 Hopkinsville, Ky. Advertisement.
